// ADDITIONAL CHARGES

What can push the price.

*Pricing may vary by location, weight or material type. **Heavy charges apply** where a bin exceeds the tonnage limit for its size and waste type — the excess weight is charged at the applicable tip rate. **Wrong-load charges apply** where general waste is contaminated with concrete, dirt or restricted items, or where a green waste bin contains general rubbish. If you're not sure what fits, ask us before you fill it — we'd rather help you pick the right bin than surprise you at pickup.
